

What's Changing?

We are changing the garbage & recycling pick up schedules for the entire City.

Upon reviewing the Solid Waste Department, it was determined that there were many efficiencies in picking up garbage & recycling on the same day at the same time.

In order to accommodate this, the City needed to purchase new trucks that have the capability of meeting this new type of service.

The new service pick up includes:

- Monday:** ICI Recycling, Coney Island (seasonal)
- Tuesday:** Lakeside and JM South
- Wednesday:** Downtown, Central, Brickyard and the North End
- Thursday:** Tunnel Island, Norman & Keewatin
- Friday:** Rideout, Valley Drive, Pinecrest

Now, if your pickup falls on a holiday, you will not receive service until the following week.

Curbside recycle will be co-mingled (meaning you do not need to sort curb side), but when recycling at the transfer station (you drop off) you will still need to sort manually.

This new change will not be implemented until late May. There will be public notification as to when the dates are in effect.

Help Clean our City!

The City provides "Free Bags" for Road Side Cleanup. These are clear bags that are issued to the public through the transfer station after a form is completed. You must specifically identify what area of the City you will be cleaning. To start cleaning your neighbourhood, stop by the Transfer Station to pick up your "free bags" and start cleaning Kenora!

Introducing Garbage & Recycling Depots.....

The City will be looking at introducing garbage & recycling depots for the rural areas of the City. This would minimize the kilometers of the weekly routes and would only be accessible to the specific area residents through a yearly nominal key purchase through the City. This will remove garbage from the rural homeowners premises as they require, thus minimizing the wildlife visits at home. In addition to our current Peterson Road site we are looking at introducing depots in the following areas:

- Ritchie Road (relocation)
- Essex & East Melick Road
- Hilly Lake (first entrance)
- Bruckenberg Road
- Peterson Drive
- Duffus Road
- Berylwinder Road
- Transmitter Road at Gould Road
- Anderson Road at Carlton Road

City of Kenora Solid Waste & Recycle Schedules

Recycling—Solid Waste
Collection Centre
Location & Hours of
Operation:

401 Mellick Avenue (Barsky's Hill)
(807) 467-2980
